Retirement Planning & Long Term Care Topics at Aug. 16 CONN-OSHA Roundtable

WETHERSFIELD, August 10, 2016 – You have a 401K and a diversified portfolio for your retirement nest egg. You’ve thought of everything – except how to protect these assets should you need long term care.

Guest speaker Aldo Pantano of the CT Partnership for Long Term Care’s Policy Development and Planning Division will address this issue during the August 16 CONN-OSHA monthly breakfast roundtable and discussion event. Sponsored by the Connecticut Department of Labor’s Division of Occupational Safety and Health (CONN-OSHA), the session will be held 8:15 to 9:45 a.m. at the agency’s Central Office, 200 Folly Brook Boulevard, Wethersfield.

Pantano’s presentation, “The Missing Link in Retirement Planning – Why and When to Consider Long-term Insurance,” is designed to help ensure valuable assets are protected should long term care be necessary. Aldo, who has been with the CT Partnership for nine years, spent 17 years in the private insurance sector providing long term care insurance services prior to joining the CT Partnership.

According CONN-OSHA Occupational Safety Training Specialist and roundtable coordinator John Able, admission to the breakfast is free but pre-registration is required. Please contact Able at john.able@ct.gov to register or for additional information.
