

IBM Corporation Workers Eligible to Apply for Trade Act Benefits

WETHERSFIELD, April 15, 2013 – Former employees of IBM Corporation in Southbury, who provided activities related to the supply of information technology services, were certified on March 21, 2013 as eligible to apply for federal Trade Adjustment Assistance.

The Connecticut Labor Department is mailing an eligibility notice regarding the benefits to all adversely affected employees and is providing information on how to apply for benefits. Employees eligible to apply for federal benefits are those who are or will be totally or partially separated from employment due to lack of work on or after Feb. 6, 2012 and on or before March 21, 2015.

Available assistance may include training; income support in the form of Trade Readjustment Allowances (TRA); job search and relocation allowances for qualified workers who seek or obtain employment outside their normal commuting areas; and participation in the Health Coverage Tax Credit (HCTC) program, covering a portion of qualified health insurance premiums. Individuals 50 years of age and older who return to lower-paying work may be eligible to receive Reemployment Trade Adjustment Assistance (RTAA) wage subsidies. Adversely affected incumbent workers, individually threatened with total or partial separation as of the date of certification and through March 21, 2015 may access reemployment services, including TAA training, prior to layoff.

Workers who qualify yet do not receive eligibility information are urged to contact their nearest Labor Department *CTWorks* Career Center for information and assistance. Those who need to apply for unemployment benefits are reminded that claims are now taken over the Internet or by telephone. Information can be found on the Department of Labor's Web site at www.ct.gov.
