

# **HAVE YOU BEEN LAID OFF OR RECEIVED NOTICE OF LAYOFF?**

**YOU MAY BE ELIGIBLE FOR SOME ADDITIONAL FREE SERVICES THROUGH THE WORKFORCE INVESTMENT ACT (WIA) DISLOCATED WORKER PROGRAM.**

**To see if you qualify for these services, take the following steps.**

**STEP 1:** Call the *CTWorks* office closest to you to schedule a time to see if you can be certified as a “Dislocated Worker” by the Connecticut Department of Labor. Certified dislocated workers **may** be eligible for one-on-one job development, retraining funds, special consideration for financial aid for themselves or immediate family members, and additional support services.

**STEP 2:** Attend a *CTWorks* Workforce Investment Act (WIA) orientation/information session. This session will provide you with information on the array of free re-employment and supportive services available through the *CTWorks* center including those mentioned in Step 1.

**SPECIAL NOTE:** Displaced workers who were employed in CT and who were part of a layoff that affected at least 10 CT workers offer potential **CT** employers a \$1,500 corporate tax credit. The new job must pay the displaced worker at least 75% of the worker’s former wage, and the new employer must retain the displaced worker for at least 12 months. Mention this employer benefit during an interview.

**Funds for retraining are not an entitlement and are limited. For more information on the individual assistance available for dislocated workers, please call the agency nearest to you.**

## **EASTERN CONNECTICUT**
