

## What?

The *Connecticut Job & Career ConneCTion* is a Web site that provides the most comprehensive source of local information on jobs and careers in Connecticut. Follow these five steps to connect to a job or a career:

- Step 1: Find an Occupation that is Right for You
- Step 2: Learn about an Occupation
- Step 3: Search for Education & Training
- Step 4: Search for Jobs & Employers
- Step 5: Job Seeker Resources

Articles of interest cover a variety of topics including skills assessment, financial aid packages, and job search techniques. The *Connecticut Job & Career ConneCTion* can even find child care facilities, health care offices, transportation services, and housing in your area.

## Why?

There are many Web sites available for career development, but the *Connecticut Job & Career ConneCTion* provides a one-stop source of information. Its uniqueness lies in wage information and projected job growth for occupations that are specific to Connecticut. The data is taken directly from the Department of Labor Office of Research's surveys of Connecticut businesses. Data is even available for specific areas of the State. Users can easily identify occupations that are the highest paying, fastest growing, or in the highest demand in Connecticut.

## Where?

**Don't have a computer?** Your local Connecticut Department of Labor office or library has public computers with Internet access you can use to visit:
