

Employer Testimonials

“Our company benefited from the TAA program by hiring a talented employee whose prior position was sent overseas. We are happy to report that this employee is now fully integrated into our workforce, is a valuable member of the team and had been with us for over a year. We would recommend this program to any employer.”

-A Connecticut based Alternative Energy Manufacturer

Email from a TAA/OJT employer:

“Hi Lxxxxx,

I wanted to inform you that Brad has completed his training satisfactorily and the final two months report of activities completed has been faxed to you late this afternoon. Brad has done very well despite the challenges that we encountered along the way.

It has been a great pleasure working with your team at CTDOL with this program. Thank you to CTDOL for putting together an excellent OJT program, this program in our opinion enables smaller employers like ours to take risks with displaced employees they otherwise wouldn't be able to. I hope that others can take advantage of this excellent program, as it has given us a trained professional who has demonstrated his capabilities beyond our expectations, successfully helping us with unexpected growth in our operations.”
