

## MEDIA RELEASE

CT Department of Labor *Communications Office*  
Commissioner Scott D. Jackson

# “Report It, Don’t Ignore It” Reporting Program Topic at Dec. 19 CONN-OSHA Roundtable

WETHERSFIELD, December 7, 2017 – David Beck, Environment, Health & Safety Manager with United Technologies Aerospace Systems, will discuss the company’s “Report It, Don’t Ignore It” hazardous reporting program during the December 19 Breakfast Roundtable Discussion Group meeting.

Sponsored by the Connecticut Department of Labor’s Division of Occupational Safety and Health (CONN-OSHA), the event will be held 8:15 to 9:45 a.m. at the agency’s Central Office, 200 Folly Brook Boulevard, Wethersfield. The roundtable is geared for employers and their employees, human resource professionals and those interested in promoting a safe workplace.

“The ‘Report it, Don’t Ignore It’ program, in place at United Technologies Aerospace Systems since 1995, streamlines the process of reporting a hazard and has resulted in reduced injuries and lost time,” said John Able, CONN-OSHA Occupational Safety Training Specialist and roundtable project coordinator. “The program has a direct impact on lower compensation costs and also includes an employee recognition component that has been an integral part of its success.”

Admission to the breakfast is free but pre-registration is required. Please contact John Able at [john.able@ct.gov](mailto:john.able@ct.gov) to register or for additional information.
