VIRTUAL CONN-OSHA

Breakfast Roundtable Discussion Group Meeting

Tuesday, January 18, 2022

8:15 am – 9:45 am

On the third Tuesday of every month, CONN-OSHA offers Breakfast Roundtable Meetings via Zoom that cover subjects ranging from evacuation plans and fire extinguishers to air quality and ergonomics. The intent of these free 90-minute workshops is to discuss safety and health issues in a supportive and informal environment. The roundtable meetings are held from 8:15 am to 9:45 on the third Tuesday of the month.

This month's subject is:

“OSHA Injury & Illness Recordkeeping”

The OSHA Recording and Reporting Occupational Injuries and Illnesses standard (29 CFR 1904) and its requirements will be reviewed and summarized. The class will help develop skills to accurately report occupational injuries and illnesses. If you are responsible for filling out the OSHA Recordkeeping Forms, or if you supervise the person that completes the forms, or if you are a safety committee member, this session is a must!

- **Fifty years ago**, the Occupational Safety and Health Administration (OSHA) began to fulfill the mission for which it was created – to ensure safe and healthful working conditions for every worker in America. As OSHA commemorates the first fifty years of transforming the safety and health of workplaces nationwide, the agency released a [new video](#) that features major accomplishments and important events over the course of its history. To learn more about milestones in workplace safety, [visit OSHA's 50th anniversary webpage](#).

- **CONN-OSHA Consultation Services**

- CONN-OSHA offers a variety of consulting services to both public and private employers in Connecticut. All our consulting services are available at no charge and are tailored to fit individual employer needs.

We provide consultations in the areas of safety, industrial hygiene, ergonomics, injury and illness prevention plans, and new business assistance. Each consultation visit is viewed by CONN-OSHA as an opportunity to help that employer incorporate the key elements of an effective workplace injury and illness prevention plan into the way the business is run over the long term.

Additionally, penalties and citations are not issued as a result of the consulting process.

To learn more or request your free [consultation](#) from CONN-OSHA, call us at 860-263-6900, or visit our [webpage](#)!

- **Happy Holidays!**

- Wishing you a wonderful & safe New Year in 2022!
