Re: CVS Health

We are writing to inform you that CVS Health will be conducting a mass layoff at its facility located at 151 Farmington Avenue, Hartford, Connecticut (the "Facility"). This action is expected to be permanent.

As a result of this decision, employee terminations will be conducted over the 14-day period beginning on December 8, 2024 through December 21, 2024. These terminations will include employees who work at the Facility and employees who are "outstationed" (i.e., remote) employees but for work purposes report into a leader located at the Facility. For WARN purposes, the outstationed/remote employees are treated as "assigned" to the Facility. As noted in the enclosed listing, at the column entitled "Employee's State of Residence (Home Location)," the Company has provided this data so you can clearly view the actual Connecticut employee impacts versus out-of-state impacts.

Specifically, there are a total of 416 employees from the Facility who will be terminated as a result of this action. Out of these employees, only 93 work at the Facility and the remaining 323 affected employees are outstationed/remote employees reporting into the Facility.

All employees who will be terminated as a result of this action have been notified of their specific separation dates and that their separation from employment will be permanent. A listing of job titles of the position to be affected, the number of employees in each job classification, and the expected date of separation, is attached as **Attachment A**. There are no bumping rights for the affected employees and the employees are not represented by a union.

If you have any questions or want additional information concerning this matter, please contact Erin Ridge, SVP of Human Resources, at 401-829-0684.

Sincerely,

A handwritten signature in black ink that reads "Erin Ridge". The signature is written in a cursive, flowing style.
