**Re: Walgreen Co. Announcement of Site Closure and Planned Layoffs**

Dear Ms. Fracasso:

I am writing to provide you notice that Walgreen Co. (“Walgreens”) has developed plans to implement a workforce reduction. As Walgreens continues to work on solutions to help build business momentum and improve the efficiency of our operations, we have looked closely at our distribution center network, streamlining capacities wherever possible to best support our stores. After a careful review of our DC operations, we have made the difficult decision to close our Dayville, Connecticut distribution center located at 500 Forbes Road, Dayville, Connecticut, 06241. Consistent with these plans, employment separations are expected to commence on or about May 17, 2024. We anticipate that these changes, when finalized, would be permanent, and they would involve the entire facility.

In total, 322 employees will be affected by this site closure. We anticipate providing affected employees at this location a 60-day notice of their separations from employment on March 14, 2024. All affected employees will remain employed and receive their full compensation and benefits for the entire 60-day period or until they resign, whichever occurs first. We expect these reductions in force to be permanent, and we will provide all affected employees with the opportunity to participate in on-site career fairs and/or outplacement services to assist with their transition to other employment. Please note that the affected employees are not represented by any labor organization and bumping rights are not available for affected employees.

This announcement and the above timetable are based on the best information currently available. However, various factors may still affect the timing of any employment separations. We will inform you of any significant changes in these plans as additional information becomes available.

If you have any questions or desire additional information, please contact Casey Cesnovar, Vice President, State & Local Government Relations, at [casey.cesnovar@walgreens.com](mailto:casey.cesnovar@walgreens.com) or (847) 315-4142.

Respectfully submitted,

*David Metz*
