RAPID RESPONSE UNIT

**Re: Plant Closing Notice Under Worker Adjustment and Retraining Notification ("WARN") Act**

Dear Ms. Fracasso:

This is to notify you that McKesson Corporation will permanently close its entire Farmington, CT Office located at 1690 New Britain Ave, Farmington, CT 06032. This site closure will result in a Plant Closing as that term is understood under the Worker Adjustment and Retraining Notification (WARN) Act. There are no bumping or displacement rights available to our employees. The affected employees are not represented by a labor organization, and affected employees were notified of their individual dates of termination.

The affected employees who work at the facility were notified of the site closure on September 4, 2019. At this time, we anticipate that terminations will occur in waves, beginning on January 3, 2020 and continuing through May 4, 2020. If further changes to termination dates occur, we will notify affected employees accordingly.

The job titles and the number of employees in each job title affected by the closing are listed in the attached Exhibit A.

For further information, please contact me at [pete.slone@mckesson.com](mailto:pete.slone@mckesson.com).

Sincerely,

Peter Slone  
SVP, Government Affairs  
(202) 469-6300
