Re: CVS Health

We are writing to inform you that CVS Health will be conducting a mass layoff at its facility located at 151 Farmington Avenue, Hartford, CT 06156 (the “Facility”). This action is expected to be permanent.

As a result of this decision, employee terminations will be conducted beginning on **October 21, 2023**. These terminations will affect employees who work (and may also reside) in Connecticut, and also includes a significant number of employees who are outstationed (“remote”) employees who are not physically present in Connecticut but for work purposes report into a leader located in Connecticut. For WARN purposes, the remote employees only are treated as “assigned” to the Connecticut location. These remote workers have been aggregated with the local employee numbers, resulting in a layoff of more than 500 employees in the aggregate; however, only 306 positions that are being terminated are held by Connecticut residents.

All employees who will be terminated as a result of this action have been notified of their specific separation dates and that their separation from employment will be permanent. A listing of job titles of the position to be affected, the number of employees in each job classification, and the expected date of separation, is attached as **Attachment A**. There are no bumping rights for the affected employees and the employees are not represented by a union.

If you have any questions or want additional information concerning this matter, please contact Jennifer Bailey, 860-900-6617, [baileyj3@Aetna.com](mailto:baileyj3@Aetna.com).

One CVS Drive  
Woonsocket, RI 02895

Sincerely,

A handwritten signature in black ink that reads "Jennifer Bailey".
